

MARVEL X-MEN TIMELINES

⁽¹⁾ Used to be Earth-TNR414 (the Temporary Reality Number for the X-Men Revised Timeline) but Cable travelled back in time in "Deadpool 2" events from Earth-66250, which assuming the given time travel theory in place here would mean that Earth-TNR414 is actually Earth-66250. Cable travel would then create the Earth-41633 alternate timeline which officially is the timeline where "Deadpool 2" events occur.
